

## Liquidity Coverage Ratio:

Bank has adopted Basel III liquidity standards and is reporting the liquidity coverage ratio (LCR) to the Central Bank of Oman (CBO) with effect from March 2013. The LCR is defined as the proportion of high quality liquid assets to total net cash outflows over the next 30 days. The high quality liquid assets include cash; reserves held with CBO; investment in CBO Certificate of Deposits, CBO Treasury Bills, Government Development Bonds; Sovereign Treasury Bills; and investment in equity listed on Muscat Securities Market. LCR is a measure of adequacy of liquid assets that will enable the Bank to survive an acute stress scenario lasting for 30 days.

As per CBO guidelines, the LCR is to be maintained at a minimum of 100% from 01.01.2019. In compliance with the CBO guidelines, the Bank is meeting the regulatory limit of LCR as at 31<sup>st</sup> Mar 2026.
